SCHOLARSHIP DONOR – Make a credit card payment at <https://tinyurl.com/ATTACHSponsor22>

Professional Scholarships

Many professionals work for small nonprofits or agencies with funding restrictions and they are unable to attend the ATTACH conference without assistance. Each year we receive requests from professionals for full or partial scholarship assistance. Please consider sponsoring professionals as they pass this information on to their clients and colleagues, and build the capacity to reach the larger community in need.

Parent Scholarships

As professionals gain knowledge and networking by attending an ATTACH Conference, the parents derive an even greater benefit, often stating that attending an ATTACH conference helped turn things around for their family and/or helped save their child. The information they learn directly impacts their ability to relate to, care for, and help heal their children. Though it is vital for families to attend, they are often unable to do so due to the cost of the conference. To help these families, ATTACH has established a scholarship fund where 100% of the contributions pay registration fees for families who cannot otherwise afford to attend.
